There are various ways of washing dishes—possibly the above is the worst. If you want your dishes, glassware, silver, &c., perfectly clean and bright, wash them with Pearline. Being a powder it is especially convenient for this work—besides it keeps the dish-rag clean, pure, sweet. Put Pearline in sinks and basins, turn on hot water; it will cleanse the waste pipes. Many women use Pearline for these purposes only; they are only half wise. For the laundry, kitchen and house-cleaning, in fact wherever soap is used, try Pearline—it's better, quicker, and saves labor—it has no equal, no rival. It is as harmless as the finest imported castile soap. *Beware of peddled imitations.* Pearline is never peddled, but all grocers sell it. Manufactured only by JAMES PYLE, New York.
